Rustic Slab Wood Vintage Coffee Table, Hungary

There is something organic and inviting in the thick 3.5" wood top of this rustic coffee table. It is the years of use that have deepened its character, with a worn patina grown richer over time. The heavy gouges, stains, dried worm holes (of no concern) and even old cracks all combine to build the depth of character which create the desire to touch it. The square splay legs are bolted to the top creating a slight industrial feel. This coffee table has been restored and waxed so it is strong, stable and ready to use and enjoy.
