White Painted Small Side Table With Three Drawers, Sweden circa 1890

Swedish country pine side table with three drawers. The unique folk art embellishments on this small console table are faux wood. See the detailed photos to appreciate the areas that resemble wood bark along the legs, sides, and each drawer.

Drawers function, the two small outer drawers have small brass pulls while a skeleton key will be included as a "pull" to use with center drawer (lock does not function).

Restored, later professionally painted in layered shades of white and lightly distressed to fit the age and grace of this lovely table.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this special accent table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
