Swedish Gustavian Gray Painted Sideboard Cabinet, circa 1840

Gustavian gray painted tall pine sideboard with carved faces and acanthus leaves accenting the upper corners.

Newer, professionally applied layered gray painted finish with plum undertones and muted blue/black accent around panel doors and drawers. All lightly distressed, creating the allure and complimenting the age and grace of this cabinet.

Four keys included to use as pulls and unlock doors.

Interior central cabinet holds three shelves for easy storage. The more narrow flanking sides have adjustable sawtooth shelving, allowing one to move shelving height to fit current storage needs.

Restored, strong and stable. Any nicks, scratches, age-related separation or signs of wear are reflective of generations of use and do not impact function.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
