Original Painted Sideboard Cabinet from Sweden, circa 1820-40

This pine sideboard is a wonderful example of Swedish country craftsmanship with unique carving along the two drawers. The faux wood painted background was the folk art style of the period. The drawers and buffet top are painted in a contrasting blue/green/teal, now distressed through generations of use.

The two functional drawers; the left drawer has an interior divider.

Restored, strong and stable this sideboard is ready for use.

All scratches, cracks, dings, stains and age related separation (see sides, back, top, etc.) are reflective of age and do not detract from the beauty nor function of this special sideboard.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
