Rustic Coffee Table With Peg Legs, Hungary circa 1900

The appeal of this rustic coffee table comes from the thick wood top that originally served as a work table.

The round peg legs are a contrasting darker color than the top.

Note the scratches, nicks, and even cracks that all combine to build the depth of character which create the desire to touch it.

This coffee table has been restored and sanded so it is strong, stable and ready to use and enjoy.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
