Original Black Painted Corner Cupboard Cabinet, Sweden dated 1818

This stunning pine corner cabinet still maintains its original black painted finish with traditional floral details along panels and crown.

The monogram and date of 1818 indicate it was likely a very special wedding present. This corner cupboard is made in two parts creating an attractive open niche between the upper and lower cabinets.

Interior has contrasting light cream paint with fixed shelves.

Professionally restored, this corner cabinet is strong and stable; all the doors are working well and the case has been finished with a satin wax. Locks do not function.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this original painted corner cupboard.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.

Actual wall corner to front top cornice edge: 32.5"

Actual wall corner to body at wall: 30"
