White Painted Pine Farm Table, Denmark circa 1840-60

This old pine farm table is loaded with aged patina and warmth that come from generations of use.

The strong "X" stretcher base has been professionally painted white, creating a fresh contrast to the natural pine top. Restored, strong and stable, this dining table is over 8' long and is ready to be used and enjoyed.

The nicks, cracks, distress, stains and age related separation of wood(see photos of top in particular) simply add to the authentic vintage charm of this original trestle base dining or kitchen table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
