Antique Swedish Pine Gate Leg Drop Leaf Table circa 1820-40

It is the warm and worn Swedish pine that attracts one to this old drop leaf gate leg table which also serves as a very narrow console.

Notice old nicks, scratches, stains, etc that reflect the generations who have sat, dined, worked and conversed over this table.

The drop leaf feature allows it to be used in a variety of ways and would be perfect behind a sofa as a slender console table.

The table leaves open and rest on two gate legs on each side. When closed, the table is only 12.25" deep yet it expands to 64.25" when fully opened. With only one leaf opened, the table is 38.25".

This delightful pine drop leaf table has been restored, it is sturdy and ready to use and enjoy.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
