19th Century Swedish Gustavian White Painted Pine Bench Settee with Slat Back

19th century Swedish Gustavian bench settee crafted in pine. The bench features slat back, and side panels topped with a repeating carved circle and diamond pattern.

The side rails and back are finished with six finials. A carved skirt runs along the base, and the bench rests on turned, tapered, fluted feet.

The painted finish appears to date from the early to mid-20th century and presents in an overall antique white tone with gray undertones. The surface has been lightly distressed, revealing natural pine beneath. The seat includes a simple foam cushion covered in muslin with exposed staples, providing a base for reupholstery at the buyer's discretion.

The bench has been restored and is strong, stable, and ready for use. All scratches, cracks, dings, and age-related separation are reflective of age and do not detract from the beauty nor function of this Swedish bench.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.

Seat H: 20.5"
