19th Century Swedish Pair of Chest of Drawers

A pair of Gustavian pine chest of drawers painted in shades of antique white and soft gray, fitting their Swedish origin. Canted fluted side posts with upper applied carving, dentil molding, all raised on four tapered fluted feet.

The newer, professionally applied painted finish in both gray and antique white is lightly distressed to fit the age and grace of this elegant pair of nightstands.

Restored and ready for use, drawers function and open with brass pulls.

All nicks, scratches, cracks, distress etc. are reflective of age and use and does not detract from the function nor graceful appeal of this striking pair of chests which may also serve as nightstands.
