19th Century Swedish Pine Side Table with Original Brick Red Painted Finish

19th century Swedish side table crafted in pine and fitted with a single petite drawer. The table retains its original brick red painted finish with residual specks of blue paint still visible. The surface shows significant wear and distress from years of use, revealing natural pine beneath along with nicks, scratches, and stains. The table rests on tapered legs and presents a simple, functional form. The side table has been restored and is strong, stable, and ready to use. Its scale allows it to function as a side table, small console, or nightstand. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
