Pair 19th Century Swedish Gustavian White Painted Narrow Cabinets

Pair of 19th century Swedish Gustavian narrow cabinets crafted in pine. Each cabinet features a single upper drawer over a lower door, creating a tall, slender column form.

The doors are flanked by fluted carved detailing, and each cabinet is raised on tapered, fluted feet. Doors and drawers include applied decorative carving.

Both cabinets have been given a newer professionally applied antique white painted finish with soft gray undertones. The surface has been lightly distressed to reveal areas of natural wood beneath, fitting the age and styling of the pair. The interiors reveal adjustable shelving. Restored, stable and ready to use. Keys /locks do not function easily and is recommended that keys be used as pulls only.

Typical scratches and some cracking (see tops) are visible, consistent with age. The pair has been restored and is strong, stable, and ready to use.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
