## 19th Century Blue Painted Swedish Gustavian Chest of Drawers

A pair of elegant Gustavian chest of drawers painted in shades of blue, fitting their Swedish origin. Note the decorative Greek key meander, griffin and dentil molding that adorn the top drawer of each. Three drawers, each with darker accents around the drawers and fluted canted sides and tapered fluted feet. Brass pulls on drawers.

Restored and ready for use, later professionally painted in layered shades of blue, all lightly distressed to fit the age and grace of this pair.

All nicks, scratches, cracks, distress etc. is reflective of age and use and does not detract from the function nor elegant appeal of this striking pair of pine chests which may also serve as nightstands. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
