## Late 18th Century Swedish Rococo Pine Chest of Three Drawers

Late 18th century Swedish Rococo chest of three drawers crafted in pine. The chest features a newer professionally applied painted finish composed of layered gray, blue, and antique white tones, presenting an overall gray-blue appearance.

The surface has been beautifully distressed, revealing natural wood beneath and revealing the aged character of the wood.

The curvaceous drawer fronts are fitted with two brass pulls each and open smoothly. The chest rests on cabriole feet, consistent with Rococo styling.

The chest has been restored and is strong, stable, and ready to use.

Typical age-related cracks, scratches, dings reflect generations of use.
