Mid 19th Century Louis XVI Style Mahogany Chest of Three Drawers

Mid 19th century Louis XVI style chest of three drawers crafted in mahogany. The chest features dentil carving along the top and three drawers flanked by half column details, each capped with brass at the top and bottom.

The form presents clean, classic lines consistent with Louis XVI styling. The wood surface shows a warm finish that highlights the aged-patina of the grain and adds to the refined appearance.

The drawers open smoothly. The original locks function, though it is recommended the buyer use the key as a pull for ease of use.

The chest has been restored and is strong, stable, and ready to use.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this classic chest of drawers.
