## 19th Century Large White Gustavian Style Pine Bookcase Display Cabinet with Glass Doors

Elegant and stately Swedish Gustavian style pine display cabinet or bookcase in two sections standing just under 7' tall. Upper carved dentil molding, applied carved accents and stands on tapered feet. Newer professional layered painted finish in softly distressed antique white with light blue/gray undertones fitting the age and grace of this timeless piece.

Adjustable shelving and glass doors create ideal and flexible display options for any collection.

The lower section has four cabinet doors and single interior shelf.

Restored, stable and ready for use. Keys and locks no longer function; included keys to be used as pulls for the doors. Simple interior metal snap feature holds doors in place.

Please refer to professional photos to appreciate the exceptional painted finish, details and condition.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this beautiful bookcase. Note holes were created in the back at some point, likely for electrical chord access.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
