19th Century French Bleached Oak Sideboard Buffet with 14 Drawers

Visually striking French sideboard with decorative carved accents and flourishes throughout the 14 drawers and two cabinet doors. This exceptional console is just over 10' long and will serve as an impressive buffet resting on carved feet. The use of older and newer wood is seen, all crafted to reflect old world style and grace. The old wood has dried wormholes adding to the aged character of this long buffet.

The distress along top edges includes old, dried worm holes (no longer active) and old repairs including filled gouges/cracks which is seen in some of the drawer/door fronts as well.

Restored, strong and stable, ready for use. One key included to use as a pull in the two cabinet doors. Locks no longer function. Distress and age-related separation seen in drawer bottoms along with stains and old cracks. All scratches, cracks, dings, and age-related separation are commensurate with age and do not detract from the beauty nor function of this impressive oak buffet.
