19th Century Danish Pine Sideboard

Danish pine sideboard with clean lines; two drawers over two doors, one interior shelf. Restored and waxed, this cabinet is stable, strong and ready for use. Brass pulls on each functioning drawer. No lock to cabinet doors which have a snap closure.

All scratches (see top), cracks (see top), dings, stains (see top), old dried wormholes (no longer active), and age related separation are reflective of age and do not detract from the beauty nor function of this delightful pine cabinet.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed. Minor signs of old dried wormholes, back appears to have been repaired at some point in past.
