19th Century White Swedish Pine Chest of Four Drawers

Antique pine chest of four drawers, with a simple, clean-lined silhouette resting on fluted tapered feet. Note the large, original iron side handles which make moving and installation easier.

The newer white painted finish adds new life to this pine dresser and is slightly distressed to fit the age and grace of this chest.

Restored, strong and functional, this dresser is ready to be used and enjoyed. Drawers function with use of two brass pull rings on each.

All scratches, cracks, gouges, dings, and age-related separation are reflective of age and do not detract from the function of this white chest of drawers. Refer to photos of top in particular.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
