H said wait: broken trim

Set of 10 dining chairs from the early 1900's. Newer white painted finish accents the Swedish styling with carved details along the arched back, and floral motif topping the turned and fluted legs. Restored, the chair frames are strong and stable, ready to be upholstered. All have removable seats which currently have simple foam cushion covered in linen fabric stapled in place.

All scratches, cracks, dings, and age related separation (typical in joints) are reflective of age and do not detract from the function of this large set of 10 dining chairs.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
