19th Century Swedish Gray Painted Gustavian Pine Sideboard Buffet

19th century Swedish sideboard, crafted in pine. The cabinet has a traditional three drawer over three door configuration, providing generous enclosed storage. Dentil molding accents the top, while canted fluted sides are topped with carved diamond details. Carved panels with floral medallions decorate each drawer and cabinet door.

A newer professionally applied layered gray painted finish has antique white undertones. The finish is gently distressed throughout, revealing areas of natural pine below and adding depth while complementing the age and Swedish country character of the buffet.

The cabinet doors open using a brass pull in the upper corner, and open to reveal removable interior shelving. Minor nicks, scratches, and cracks are present and reflect generations of use. Raised on tapered fluted feet. Restored, strong, stable, and ready to use.
