19th Century White Swedish Gustavian Style Sideboard Buffet

19th century Swedish sideboard, crafted in pine. The piece features two drawers over three door configuration and has been given a newer professionally applied layered antique white painted finish. The painted surface is distressed throughout, revealing natural wood below and adding dimension and aged character. Traditional applied carved diamonds embellish all two drawers and three paneled doors, while canted fluted sides topped by diamond motifs further accent the form. The buffet is raised on tapered fluted feet, giving it a graceful and grounded Swedish look. Doors open using a small brass pull and snap in place (no locks nor keys). Drawers have a brass pull ring each. Restored, strong, stable, and ready to use. Typical age-related cracks, minor separation, nicks, and scratches are present and reflect generations of use without detracting from function or appeal. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
