19th Century Swedish Original Blue Painted Pine Sideboard Cabinet

Pine sideboard with generations of use revealed in the wear and distress to the original blue painted finish (with antique white and seafoam undertones). The overall finish has been scraped and distressed revealing the natural pine wood below (especially along the top) creating a warm, soft patina.

Restored, this cabinet is solid and stable, and ready for use. One interior shelf.

All wear, distress, cracks (see photos), nicks, stains (see top) age-related separations (multiple, see photos), sag seen in doors are all expected in an item of this age and years of use.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
