19th Century Swedish Gustavian Gray Painted Buffet Sideboard

19th century Swedish sideboard, crafted in pine. The cabinet has a traditional three drawer over three door configuration, providing generous enclosed storage. Dentil molding accents the top, while fluted sides are topped with carved faces, drawers above are separated with floral medallions.

A newer professionally applied layered gray painted finish has antique white undertones. The finish is gently distressed throughout, revealing areas of natural pine below and adding depth while complementing the age and Swedish country character of the buffet.

The cabinet doors open using a key as pull (locks no longer function) and open to reveal adjustable interior shelving. Minor nicks, scratches, and cracks are present and reflect generations of use. Raised on tapered fluted feet. Restored, strong, stable, and ready to use.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this lovely sideboard.
