19th Century Swedish White Painted Gustavian Sideboard

19th century Swedish Gustavian tall sideboard, crafted in pine. The cabinet has a newer layered gray painted finish with antique white undertones, lightly distressed throughout to reveal the warm patina of pine and suit the age and grace of the piece. Decorative applied carving accents the central paneled door, while vertical fluted carved details topped by a carved facial accent further define the front. The sideboard is raised on tapered feet, giving it a classic and elegant Swedish look. The configuration includes three small drawers over three doors, offering useful storage. Please note the old locks and keys no longer function, use the keys as pulls only. Interior shelves are adjustable.

Restored strong, stable, and ready to use. All scratches, cracks, dings, and age-related separation are reflective of age and do not detract from the beauty nor function of this lovely sideboard.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
