19th Century Swedish White Gustavian Pine Sideboard Buffet

19th-century Swedish sideboard buffet crafted in pine with a three-drawer over three-door configuration. Each cabinet door and drawer features carved fluted diamond panels, a traditional Swedish design element of the era.

The exterior has a newer professionally applied antique white painted finish, gently distressed throughout to reveal natural wood beneath and suit the character and age of the piece. The three cabinet doors open and secure with included keys (two). All drawers open easily.

Minor scratches and nicks are present throughout, consistent with age and use. Restored, strong, stable, and ready for use as a buffet, sideboard, or storage cabinet. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
