19th Century Swedish Pine Small Pedestal Side Table

This antique round pine side table is charming with its softly rounded edges, turned pedestal base and decoratively carved tripod legs which were a traditional style in Sweden. There is a gentle appeal to the balance of lines between the top, pedestal base and the natural wood with its warm patina. This type of table was often used during afternoon "tea time" in Sweden.

Restored, this table is stable, ready for use and has a wax finish.

All scratches, cracks, dings, or age related separation ("seam" visible along top where wood was secured together) are reflective of age and do not detract from the beauty nor function of this accent table. Refer to photos of the top in particular.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
