Late 19th Century Small Pine Side Table with Single Drawer from Hungary

This delightful country pine table with clean lines and single drawer and lower shelf stands on straight legs and will make a casual side table or nightstand.

This table has been restored and waxed, the drawer functions with a brass pull and it is ready to be used and enjoyed.

All scratches, cracks, dings, and signs of dried, inactive wormholes seen on on both top and shelf are reflective of age and do not detract from the beauty nor function of this small accent table. Age related separation of planks also seen along shelf. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
