Pair of 20th Century Swedish White Painted Pine Stools or Tabourets

Pair of 20th century Swedish stools or tabourets, crafted in pine with decorative carved details throughout. Carved hearts accent the sides, while arched elements, gently curved arms, and round fluted feet resting on small square blocks contribute to the charming Scandinavian form.

A newer applied antique white painted finish has gray undertones and may appear pale gray or antique white depending on lighting. The painted surface has been intentionally distressed throughout to reveal areas of natural wood beneath, creating an aged appearance with added depth and character.

Both stools have been newly upholstered in linen fabric. One seat has a round stain. Restored, strong, stable, and ready for use. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
