H says wait/wants to work on top

It is the arched paneled doors, scalloped skirt, carved feet and panel detail of the drawers that create the French sense of style seen in this oak sideboard.

The bleached finish gives it a fresh and welcoming look for today's modern home and shows off the wonderful grain.

All six of the drawer and door locks currently function, 5 keys included.

This sideboard buffet is just under 7' long, restored, strong, stable and ready for use.

Two (newer) interior shelves have scalloped front.

Typical separation of planks (back), old cracks throughout (including top), some old dried worm holes(back) are commensurate with age, please enlarge photos of top, side and front panels for clear understanding.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this sideboard.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
