19th Century French Oak Coffee Table with Two Drawers

Late 19th century French coffee table, crafted in oak. The table features two drawers fitted with brass pulls, adding useful storage to the simple and sturdy form. The oak top shows tremendous character, with old knots, cracks, gouges, scratches, and stains all combining to create a rich rustic effect. Age related separation is seen between the three planks that compose the top, all consistent with years of use. Note variation of color in each plank. The table rests on squared legs, giving it a grounded and straightforward look. Restored strong, stable, and ready to use.
