20th Century English Wake Drop Leaf Console Gate Leg Dining Table

This handsome gateleg dining table is also known as an English wake table with drop leaves. Notice the rich patina of the walnut, aged and naturally distressed over generations of use with lovely turned legs. The large oval shaped top has 2 drop leaves, so when closed it serves as a 25.25" deep console table; open depth is 59" and expands to 98.25" long when fully opened.
Please examine the close up photos to appreciate the richness of the wood; the old scratches, nicks, stains and marks mix with the wood grain adding depth of character.
This gateleg table is 8' long and has been restored, is strong/stable and ready for use. All scratches, old cracks, dings, gouges and age related separation are reflective of age and do not detract from the beauty nor function of this versatile table.
Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
