Antique Small Painted Chest of Drawers, Sweden circa 1850-70

It is the slight bombay curves and feet turning gently outwards that draws one to this charming chest of drawers.

Restored, later professionally painted in layered shades of pale yellow, cream and white all lightly distressed to fit the age and grace of this lovely chest of drawers. The black top adds an attractive contrast to the base.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this chest which will also serve well as a nightstand.

Please refer to professional photos for clear understanding of color (this is a unique shade), condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
