Hand Crafted Large Wooden Model Boat, Denmark circa 1900's

This large model boat was crafted in Denmark in the 1900's. At 7.5' long, the large size makes it a unique decorative statement piece.

Note the hand-hewn elements, sections screwed together, pencil grafting, etc that all combine to create the intriguing appeal of this unusual find.

Solid and stable, any scratches, cracks, dings, etc. are reflective of age and do not detract from the attraction nor function of this special wooden boat.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
