Original Dark Blue Painted Sideboard With Flowers, Sweden dated 1860

While you can frequently find original painted Swedish trunks, it is difficult to find a cabinet or sideboard with exceptional original folk art paint such as this one.

The two panel doors are painted with a traditional floral motif against a dark blue background. Note in close up photos the texture and color variations in the hand painted finish.

The monogram MAS and date of 1860 indicate it was likely a very special wedding present for a young couple. Single lock and key.

Please take a moment to look at close up photos to appreciate the delicate painting and delightful details including the warm patina where the paint has been worn down to the natural pine below, perfectly distressed with age.

Interior reveals shelving and two drawers. Restored, strong and stable, this cabinet is ready to be placed and enjoyed.

All scratches, cracks, dings, stains (see top) or age related separation are reflective of age and do not detract from the beauty nor function of this special sideboard.

Refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
